

Manuel Quintano Labastida

D.O. Ca. Rioja (Alavesa)

Q De Quintano 2024

Don Diego Quintano y Quintano was born in Labastida, a village in the very heart of Rioja Alavesa. He returned to Rioja in 1785 and devoted his life to viticulture together with his younger brother Manuel. Their main interest was making wines aged in barrels, a new technique which was then unknown in Spain. In 1786 Diego sent his brother Manuel Quintano to Bordeaux to learn the barrel ageing methods used in the Medoc. In 1787 Manuel returned home with a recipe "to make wine as in Bordeaux". With the first vintage in 1790, the Quintano brothers started the revolutionary winemaking of Tempranillo aged in barrels and were then even able to ship their wines to Cuba. Manuel Quintano and his brother Diego were the true revolutionaries and visionaries of Rioja. This range of wines was created in their honour in the village where they were born and worked. 50 hectares of premium, old vine vineyards make-up the estate behind this unique wine growing project.

The harvest

The cycle began with a rainy winter with moderate temperatures, which led to budding even earlier than in 2023. The beginning of spring was also rainy, giving way to a period of prolonged drought that would last until September, with moderate temperatures. The red grape harvest began in October, as usual. The result: a very low-yield harvest of fairly high quality. The 2024 wines are aromatic, well-structured and fairly balanced on the palate.

Vinification

Made from a selection of Labastida vineyards of 25 years average age and planted in calcareous-clay soils at between 450 and 600 meters altitude. Q de Quintano is the freshest and most youthful expression of the unique Labastida viticulture. De-stemming of 85% of the harvest and elaboration of the rest via the carbonic maceration style made in concrete deposits. Pre-fermentative maceration for 4 days and spontaneous fermentation. Total of 20 days work between fermentation and maceration. Finally, malolactic fermentation and then ageing in concrete for a minimum of 4 months until its optimal moment of bottling and consumption.

The ageing

4 months in concrete followed by at least 3 months in the bottle before release.

Tasting notes

Colour: A deep cherry-red wine with a medium-high depth.

Nose: Aromas of black fruit and fruit compote, spices, baked goods and dairy products.

Palate: A marked retro nasal sensation that lasts on the palate. Elegant and silky.

Food pairing: This wine pairs well with white meats such as chicken and turkey, stews, vegetable dishes, rice, tapas and semi-cured cheeses.
